

MESSAGE FROM INTERIM CEO

DR. KEITH CURRY

It's almost June which means we are right in the middle of the many year-end student celebrations. This is the time of year when we get to see for ourselves the proof that Every Student is a Success Story!

Faculty Staff Appreciation Breakfast

June is also a time to celebrate employees. Please be sure to join your colleagues tomorrow, Friday, June 1 from 8:00 a.m. to 9:30 a.m. in the Student Lounge for the Faculty and Staff Appreciation Breakfast. Managers will be serving up a delicious breakfast.

The breakfast honors all Compton Community College District employees. This year we will also be presenting the faculty, staff and adjunct faculty Service Awards, and recognizing Years of Service of District Employees. Additionally, we will show our appreciation to retiring faculty and staff.

May Event Updates

Moving on to events that took place during the month of May, I want to update you on two important actions. First, on May 8, Vice President Perez and I hosted a Planning Summit to address the planning components for both the El Camino College Compton Center and the Compton Community College District.

Representatives from the collegial consultation groups participated in review and discussion of the following components of planning: developing strategic initiatives, planning via Plan Builder, the Facilities Master Plan and the Educational Master Plan. The Facilities and Educational master plans are both moving through the collegial consultation processes prior to adoption by the Special Trustee and the El Camino Board of Trustees, respectively. These components are all key for both the Center and District to move forward toward eventual independence from FCMAT and with the Accreditation Commission. Thank you to everyone who participated in this important process.

The second action from May is the adoption of new trustee area boundaries for the Compton Community College District (CCCD). On May 16, following the third Public Hearing for redistricting the Compton Community College District trustee areas the Special Trustee adopted new trustee area boundaries for the District. This procedure is part of a legally required redistricting process that occurs every ten years. Community colleges, city councils and other local agencies must review and modify their election boundaries in order to equalize the population and ensure fair elections every ten years in conjunction with revised census data.

The next step in redistricting the trustee area boundaries is to submit an Election Waiver Request to the California Community Colleges Board of Governors for their July 2012 meeting. Following approval of the Election Waiver by the Board of Governors, the District will submit the new trustee areas to the Los Angeles County Registrar Recorder's Office. The new trustee areas will become effective for the November 2013 election.

Since the settlement agreement from the lawsuit filed in spring 2011 included a stipulation that all five trustee seats will be up for election in November 2013, a determination had to be made for which trustee areas will serve four-year terms, and which will serve two-year terms following the November 2013 election. At the May board meeting, a random drawing conducted by the District's legal counsel determined that trustees elected for Areas B and E in November 2013 will serve an initial term of two years, and Trustees elected for Areas A,

C and D will serve a term of four years. Beginning with the November 2015 election, all trustees will serve four-year terms going forward.

The newly adopted trustee areas in Map 1 follow city boundaries, transportation corridors such as freeways, and other natural boundaries as it equalizes population among each of the trustee areas. It preserves the heart of the city of Paramount and splits Lynwood along the 105 freeway. Rosecrans is used as the primary North/South dividing line. This map also uses the Los Angeles River as a boundary line.

During several Redistricting Public Forums held throughout the community beginning in fall 2011, the public was provided the opportunity to comment on the proposed maps for new trustee areas. Additionally, the Special Trustee conducted three Public Hearings – November 15, 2011, March 21, 2012 and May 16, 2012 to provide additional opportunities for public input.

The newly adopted trustee area map is included in this CEO Message. A resolution adopting the new trustee area boundaries, and a resolution establishing the terms of office for the elected board members are both available on the district website: [resolutions](#).

Celebrate Students

I hope to see everyone at the ECC Compton Center Commencement Ceremonies on June 7 at 5:30 p.m. in the Tartar Stadium.
