1. Office of the Special Trustee
   A. Chief Executive Officer Selection Process
   B. BP 2715 – Code of Ethics and Standards of Practice
1A. CHIEF EXECUTIVE OFFICER SELECTION PROCESS

It is recommended that the Special Trustee discuss the Chief Executive Officer Selection process.
BP 2715 Code of Ethics and Standards of Practice

Reference: Accreditation Standard IV.B.1.a, e, & h

The Board maintains high standards of ethical conduct for its members. As the public’s representatives, Trustees must practice the highest ethical standards in performing their sworn duties. The activities and deliberations of the Board will be conducted following these tenets:

- **Acting as a Whole:** Board members recognize that legal and effective functioning is by the board as a whole. District matters are not governed by individual actions of Board members. When acting as Board members, trustees speak and act on behalf of the district, not as individuals. Board members use care not to misrepresent their individual opinions or actions as those of the Board. Although trustees abide by Board direction, they retain the right to seek changes in decisions through ethical and constructive channels.

In dealing with the public, individual trustees always clarify whether they speak as a member of the Board or as a private citizen.

- **Managing Conflicts of Interest:** Board members avoid any conflict of interest or the appearance of impropriety that could result because of their position. They do not intentionally use their Board memberships for personal gain or personal prestige. They inform the entire Board or the Board president when a matter under consideration might involve or appear to involve such a conflict.

- **Monitoring Board Compensation and Expenses:** Board members ensure that all district funds are spent appropriately and legally, including those that relate to their own expenses. They ensure that their expenses are authorized, reasonable and directly related to their trusteeships.

- **Handling Special Interest Groups:** Board members render all decisions regarding the issues at hand based on the available facts and their independent judgments and refuse to surrender that judgment to individuals or special interest groups. At the same time, district employees, their representatives, students and their governing officers are encouraged to express their views to Board members.

Board members are aware that they are responsible to all citizens of the district, and not solely to those who elected them. The authority delegated to trustees by the voters must be exercised with as much care and concern for the least influential as for the most influential member of the community. All members of the public are encouraged to express their views to Board members.

- **Using Appropriate Channels:** Board members promote a healthy working relationship with the Special Trustee, the Chief Executive Officer and his or her staff by:
a. supporting a cohesive and responsive administration and maintaining a climate of "no surprises"
b. supporting district personnel in the appropriate performance of their duties and ensuring that they have the requisite responsibility and necessary authority to perform effectively
c. sharing all concerns, complaints and recommendations, as appropriate, with other Board members, the Special Trustee and the Chief Executive Officer.

- **Maintaining Appropriate Conduct at Board Meetings:** Board members contribute to Board meetings in a way that facilitates thoughtful deliberation, good decision-making and the effective use of the time available. They participate actively and constructively, stay focused on the business at hand, avoid conduct that is disruptive or distracting, and treat everyone who interacts with the Board with respect. Board members meet only in public sessions unless authorized by law to meet in closed session.

- **Maintaining Confidentiality of Closed Sessions:** Board members do not disclose or publically discuss deliberations in closed session (except as specifically authorized or required by law) and maintain the confidentiality of all legally privileged information they receive.

- **Exercising Authority as Trustees:** Board members respect their elected position as trustees and in no way misuse their authority. Board members keep informed about the district, educational issues, and responsibilities of trusteeship. They commit the time and energy necessary to discharge their duties. They strive to promote the highest quality educational opportunities to all members of the community while ensuring fiscal stability, institutional integrity and operational efficiency.

- **Handling of Administrative Matters:** Board members focus Board attention on policy determination, planning, overall evaluation and the maintenance of the district’s fiscal stability. While district employees, students and citizens are encouraged to freely express their views to Board members, Board members refrain from involving themselves in matters that are delegated to the Chief Executive Officer, except as needed to fulfill their proper oversight responsibilities.

- **Giving Priority to the District and its Strategic Partner:** Board members give priority to their obligation to advocate for and protect the district. While they may participate in other community activities, they hold the district’s interests as paramount to those of any other community group or organization. Because the District has entered into a strategic partnership with El Camino College, Board members support the partnership with El Camino and work to promote its success.

**Behavior Alleged to be Contrary to the Code of Ethics and Standards of Practice:** Behavior that is alleged to be contrary to the Code of Ethics and Standards of Practice should be brought to the attention of the President of the Board (unless the President’s behavior is in question, in which case the allegation should be brought to the attention of the Vice President of the Board. In that event, all references in this Rule to the “President” should be considered as references to the Vice President.)

The President will discuss the allegation with the Board member in question and may establish an ad hoc committee to examine the matter and recommend further action to the Board.

If the Board finds that a violation has occurred and that a sanction is warranted, the Board may, by resolution, impose an appropriate sanction. Appropriate sanctions include, but are not limited to, reprimand, censure, or withholding of Board member compensation.

7. **Time Reporting Variables**

A. Standard Days in a Month = 21.667 days  
   (260 Business Days/12 months = 21.667 days per month)

B. Standard Hours in a Month = 173.333  
   (21.667 days x 8 hrs a day = 173.333)

\[21.667 \text{ days per month} \times 8 \text{ hours per day} = 173.333 \text{ Standard hours per month}\]

C. **Work Week** is any seven consecutive days, starting with the same calendar day each week.  
   FLSA requires that wages be calculated on a work week by work week basis. Work schedules  
   must be translated into work weeks to determine FLSA wages due. Employees may have  
   work periods different from seven days. For purposes of computing maximum hours per week  
   in the District, the work week begins on Monday.

D. **Pay (Payroll Period)** is a four-week (faculty) or monthly (Classified) payroll schedule for  
   which employees receive either a quadra-weekly or monthly salary warrant (paycheck). Some  
   employees also receive a semi-monthly Earned Salary Allowance (ESA) paycheck at the mid-  
   point of the monthly pay period.

E. **Payday** is the date when salary warrants are issued by LACOE. Warrants may not be issued to  
   employees prior to this date.

F. An **absence** occurs whenever a salaried employee is not present to perform assigned duties  
   during his/her scheduled duty hours (work schedule).

G. **Worked Time** is the time during which an employee performs duties and responsibilities for  
   the District regardless of the employee’s job status. For salaried employees in jobs assigned to  
   negative time reporting, work time does not include benefit hours but **does** include holiday  
   time under the provisions for overtime below.

H. **Non-Worked Time** includes benefit hours and non-benefit hours as shown in Table AP6311A.

I. **Overtime** is authorized time worked in excess of eight (8) hours a day (except for employees on a 4/10 work schedule, exclusive of meal breaks, in any one day or time worked beyond 40 hours in a week for employees who are not exempt from FLSA. For employees on or 4/10 work week schedule, overtime is authorized in excess of 10 hours, respectively, in any one day.

8. **Accelerated or Projected Time Reporting:** Holidays and LACOE payroll processing timelines require the District to estimate employee attendance.

   A. When an employee’s actual attendance differs from the projected attendance, an adjusted timesheet, and when applicable, absence report is required within two (2) business days of the employee’s return to work.

   B. In the event the employee is unavailable due to an unexpected absence such as illness, personal emergency absence or bereavement, the supervisor’s submittal signature (or supervising manager) is accepted. In this instance, the supervisor (or supervising manager) is certifying that the employee hours reported are accurate and/or will be corrected by the employee upon his/her return. A copy of the supervisor’s time report will be sent to the employee by the Payroll Office with review and, if appropriate, correction instructions.

9. **352 Hour Vacation Limit Requirement**

   A. In the event an employee accumulates in excess of 352 hours of vacation, the employee and their supervisor will be notified by the Chief Business Officer (CBO) that a special vacation time report schedule must be submitted and the date the special vacation time report schedule is due. The special time report must:

      1) Include least four (4) days vacation scheduled each month, for as many months as necessary until the vacation balance is reduced to below 352 hours for the fiscal year.

      2) Be submitted to the CBO after approval of the supervising manager no later than ten (10) business days of the CBO’s request.

   B. Vacation scheduled according to this procedure must be taken as scheduled unless a new vacation time report schedule is approved by the supervisor prior to submitting in advance to the CBO.

   C. Effective July 1, 2009 no additional vacation will accrue once an employee reaches 352 accumulated hours except as provided for under subsection “4)” below.

      1) It is the employee’s responsibility to request vacation in a regular and timely (three weeks in advance) fashion to avoid reaching the vacation accrual limit. An employee is expected to request vacation on a regular basis. If a manager does not respond to a vacation request within three working days, it is deemed approved.

      2) If the employee’s vacation request was timely, but is denied due to a peak departmental workload period, the employee shall be provided the opportunity take the vacation at some other time during the same calendar month.

      3) Managers, other than the CEO, are not authorized to deny a timely vacation request that results in an employee accruing vacation in excess of the District’s 352 hour limit.
4) If the CEO denies a vacation request, and the denial results in an accrual exceeding the 352 hour limit, the employee will continue to accumulate vacation until the balance is ultimately reduced below 352 hours. Once an employee has accumulated over 352 hours, vacation will continue to accrue until reduced equal to or below 352 hours as provided for in section “7.A” above.

5) The only payment for accumulated vacation will occur when employment in all vacation earning positions ceases.

D. **Effective April 1, 2010, employees in excess of 352 hours accumulated vacation who are notified that they have not complied with the Regulation requirement to take at least four (4) days vacation per month shall cease to accumulate any additional vacation until such time as their accumulated vacation balance is reduced below 352 hours. If a vacation request is denied by their manager, the requirement to take the four days per month will be deferred for that month.**

10. **Responsibilities**

A. The Director of Fiscal Services is ensuring a payroll calendar is published each year that, at a minimum, identifies when timesheets and absence reports are due in the District’s Payroll Office for each pay period and the corresponding bi-monthly and monthly paydays.

B. Department Heads are responsible for ensuring timesheets are submitted to the District’s Payroll Office by the timesheet submittal date.

C. Supervisors are responsible for verifying timesheet and absence reports accurately reflect the employee’s work and non-worked time.

D. Individual employees are responsible for accurately reporting time worked and non-worked time according to established timelines and reporting procedures.

1) The employee’s signature that appears on the timesheet and, when applicable, appropriate absence form(s), attest that the time reported accurately represents the attendance.

2) Employees are responsible for submitting (adjusted) timesheets and absence reports that may occur when time is worked differently than originally scheduled and/or reported to the District Payroll Office. Such adjustments are due in the District Payroll Office within five (5) business days of the employee’s return or prior to the next payroll period, which is earlier.

3) Failure to follow instructions regarding submission of timesheets and absence reports is a performance issue.

It is recommended that the Special Trustee receives the Redistricting Committee’s Strengths and Weaknesses of the proposed maps for the Compton Community College District Trustee Areas.

OPTION 1

Strengths
1. This version is more complete for the city of Paramount, because the Paramount trustee area includes the Sands area, which is located north of Orange Blvd, south of Rosecrans, and east of Garfield.
2. This option establishes cohesive District areas.

Weakness
1. Possibility that Carson would lose a representative to the Compton Community College District Board of Trustees, since the City of Compton would absorb the City of Carson.

OPTION 2

Strengths
1. Keeps the traditional Compton Community College District trustee election lines.
2. The west portion of Carson would potentially have representation on the Compton Community College District Board of Trustees.
3. The Carson/Willowbrook area would have a comparable population.

Weakness
1. Hard to make one cohesive District.

OPTION 3

Strength
1. Establishes a Cohesive District

Weaknesses
1. Possibility that Carson would lose a representative to the Compton Community College District Board of Trustees, since the City of Compton would absorb the City of Carson
2. Trustee area D is a transitional area, and residents are constantly moving in and out.
3. Parts of Paramount are absorbed into East Rancho Dominguez.

OPTION 4

Strength
1. Establishes a Cohesive District
Weaknesses

1. Possibility that Carson would lose a representative to the Compton Community College District Board of Trustees, since the City of Compton would absorb the City of Carson
2. Trustee area D is a transitional area, and residents are constantly moving in and out.

1H. SETTLEMENT AGREEMENT – LANDEROS VS. COMPTON COMMUNITY COLLEGE DISTRICT

It is recommended that the Special Trustee receives for information the Settlement Agreement – Landeros vs. Compton Community College District.

SETTLEMENT AGREEMENT

This Settlement Agreement (hereinafter "Agreement") is entered into as of June 14, 2011, by and between the COMPTON COMMUNITY COLLEGE DISTRICT, a California public community college district ("District"), and JOAQUIN AVILA, an attorney representing plaintiffs, in a dispute and litigation referenced below against the District, involving the application of the equal population principle as protected by the California Constitution and the California Voting Rights Act of 2001, Cal. Elec. Code §§ 14025-14032. District and Avila are collectively hereinafter referred to as the “Parties.”

WHEREAS, the District currently utilizes a method of electing its Governing Board members (also referred to as the “Board of Trustees”) consisting of a by-trustee area election involving only four (4) trustee areas, from which five (5) governing board members are elected (the “District’s Election System”); and

WHEREAS, the total population of the trustee areas vary in some cases by in excess of fifty-nine percent (59%); and

WHEREAS, Avila has alleged the District’s Election System may be in violation of the California Voting Rights Act and the California Constitution (the “Dispute”); and

WHEREAS, as authorized by Education Code Section 71093 (as amended by Statutes of 2006 Chapter 50, AB 318), Resolution 2006-01 of the Board of Governors of the California Community Colleges, and Executive Order 2006-01 by the Chancellor of the California Community Colleges, the authority of the Board of Trustees of the Compton Community College District has been suspended, and a Special Trustee has been duly appointed, and authorized to exercise any powers or responsibilities, or take any official actions with respect to the management of the District that would have otherwise been within the powers and responsibilities of the Board of Trustees; and

WHEREAS, despite the suspension of the Governing Board’s authority, as set forth above, the obligation of the Special Trustee, serving in the place of the Governing Board, to order elections is not suspended, and this responsibility has been carried out; and

WHEREAS, the District in the interest of resolving this Dispute without resorting to the uncertainty and significant expense of contested and protracted litigation and not as an admission of liability, desires to settle and resolve any and all claims arising out of the Dispute; and

WHEREAS, the Parties warrant and represent that each is the sole owner and holder of all rights, interests and claims asserted against the other, and that each has the full right, power and authority to settle and compromise all claims asserted against each other without the consent of any other person or entity; and

WHEREAS, the Parties acknowledge the terms of this Agreement are contractual and not merely recitals, and the Parties further acknowledge that they are bound by this Agreement and their respective obligations as set forth herein.
NOW, THEREFORE, for value received and in consideration of the mutual covenants and conditions as set forth below, the Parties agree as follows:

1. Either prior to or within ten (10) days of all Parties’ execution of this Agreement, Avila will provide District with the names of the Plaintiffs. Within ten (10) days of providing the District with the Plaintiffs’ names, District shall provide Avila with a draft Complaint to be filed in Los Angeles County Superior Court. Plaintiffs shall be represented by Joaquín Avila. Defendants shall be the Compton Community College District and Los Angeles County Superintendent of Schools. Compton Community College District shall be represented by Atkinson, Andelson, Loya, Ruud & Romo. Within ten (10) days of Parties’ approval of a final Complaint, Avila shall file the Complaint in the Los Angeles County Superior Court.

2. District will file an answer to the Complaint within the statutory time period.

3. If necessary, due to time limitations associated with the calling of the election by the County Superintendent, or the involvement of interveners, or other circumstances not yet known to the parties, the District may prepare for approval and filing by Avila an application for temporary or preliminary injunctive relief, including any required supporting documents.

4. Following the filing of District’s and County Superintendent’s responsive pleadings, the District and Avila agree to execute and submit a stipulated judgment to the Court containing at least the terms set forth hereinbelow:

   (A) District will stipulate to an injunction that would enjoin the County Superintendent from calling the November 2011 election pursuant to Education Code sections 5302 and 5325, absent objection from the County Superintendent.

   (B) District will retain a demographer and will prepare at least three (3) options for the reconfiguration of the District’s trustee areas into five trustee areas, and the District’s Special Trustee shall hold at least one (1) public hearing in the District to receive public input on the proposed options. In the development of the five trustee area plans, it is the understanding of the Parties that only those registered voters residing within a given trustee area will be able to vote for the office of trustee assigned to that trustee area and that the candidates for that trustee area must be a resident of that trustee area.

   (C) Following the public hearing, the Special Trustee will adopt a resolution selecting a final option.

   (D) Pursuant to the stipulated judgment, the Special Trustee will implement the Trustee areas without resorting to the call of an election for approval of the areas under Education Code section 5020.

   (E) Alternatively, the Special Trustee may request the Los Angeles County Board of Education seek a waiver of as many of the sections of the Education Code as are necessary to implement the terms of the stipulated judgment.
(F) Alternatively, if AB 684 (Block) passes in a form consistent with its language as of May 31, 2011, and acceptable to the Special Trustee, the Special Trustee may seek final approval of the trustee areas consistent with the provisions of AB 684.

(G) District will prepare and transmit a final map of the five trustee areas to the Los Angeles County Superintendent of Schools pursuant to Education Code section 5031 and to the Los Angeles County Elections Official.

(H) The new trustee areas will be implemented during the election held in November of 2013 where all five trustee areas will elect trustees. Three of the newly elected trustees will serve a four year term and two of the newly elected trustees will serve a two year term. The determination of which trustees will serve a two year term and which trustees will serve a four year term shall be determined by lot. All current trustees, whose terms would expire prior to November of 2013, shall have their terms extended until a successor qualifies following the November 2013 election.

5. In the event of delays not caused by the District or Avila, or if the court fails to sign the Stipulated Judgment and issue the requested injunctive relief in time to prevent the County Superintendent from calling the Governing Board’s November 2011 election, this agreement shall be a nullity except that if the District, Avila and the County Superintendent have signed and filed the Stipulated Judgment, the District’s obligations in Paragraph 7, below will remain enforceable.

6. If any provision of this agreement is finally determined by a court to be unenforceable, then the remainder of this agreement shall be deemed a nullity, except for Paragraph 7.

7. Attorneys’ Fees and Costs. District shall incur, and be solely responsible for all costs and expenses related to preparing the Complaint, any applications for temporary or preliminary injunctive relief, the Stipulated Judgment and for demographic services and the costs of proceeding through the administrative process. Notwithstanding the foregoing, upon entry of the Stipulated Judgment or at the time that the Court indicates that the Court will not sign the Stipulated Judgment or at the time that the Court does not issue the requested injunctive relief, District shall pay to Joaquin Avila the amount of $40,000 in settlement of all fees and costs associated with the above referenced litigation and the Dispute. If any third parties, excluding the Los Angeles County Superintendent of Schools (only if it does not oppose Plaintiffs’ litigation), join this litigation in any manner, and the litigation proceeds forward, if at the end of the litigation, the Plaintiffs are determined to be prevailing parties for purposes of an award of attorneys’ fees, litigation expenses and costs, nothing in this agreement shall prevent Avila from filing a motion to collect such fees, expense and costs from such third parties and from the Los Angeles County Superintendent of Schools if it opposes Plaintiffs’ litigation.

8. The Parties further agree to only disseminate public statements about the Complaint and the Dispute that are mutually acceptable to and approved by the Parties.

9. Upon taking the actions described herein, the Parties hereby release and forever discharge each other and each other’s respective directors, officers, employees, attorneys,
successors and assigns, from any and all claims, demands, suits, rights, actions, causes of action, expenses, interest, costs, damages, attorneys’ fees, liability or obligation of any kind, whenever or however derived, whether known or unknown, foreseen or unforeseen, suspected or unsuspected, present or future, in any way relating to or connected with the Dispute.

10. Upon the exchange of documents and actions taken described in Paragraphs 1 through 4 herein, the Parties hereby agree to waive any and all rights and benefits that it now has or in the future may have under California Civil Code section 1542, which states in relevant part:

“A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.”

11. No supplement, modification, waiver or amendment with respect to this Agreement shall be binding unless executed in writing and signed by the party against whom enforcement of such supplement, modification, waiver or amendment is sought.

12. All agreements, covenants and representations, oral or written, of the Parties concerning the subject matter of this Agreement are contained herein. No other agreements, covenants or representations, oral or written, have been made by any party to any other party concerning the subject matter of this Agreement. All prior and contemporaneous conversations, negotiations, possible and alleged agreements, representations and covenants concerning the subject matter of this Agreement are merged herein. This is a fully integrated document.

13. The Parties hereto agree to execute all further and additional documents, and undertake such further acts, as shall be reasonable, convenient, necessary or desirable to carry out the provisions of this Agreement, and the Parties further agree to cooperate with each other to effectuate the intent of this Agreement.

14. The Parties represent and declare that, in executing this Agreement, they relied solely upon their own judgment, belief, knowledge and the advice and recommendations of their own independently selected counsel concerning the nature, extent and duration of their rights and claims. The Parties further represent and declare that they have not been influenced by any representations or statements concerning any matters made by any other party or by any person representing any other party.

15. The Parties acknowledge the opportunity that this Agreement be reviewed by their respective attorney and it has been approved as to form. They further agree that this Agreement is to be construed and interpreted without regard to the identity of the party drafting this Agreement.

16. This Agreement shall in all respects be interpreted, enforced and governed by and under the laws of the State of California applicable to such instruments, persons, transactions
and subject matter which have legal contexts and relationship solely within the State of California.

17. This Agreement may be executed in separate counterparts, each of which shall be considered an original but all of which shall constitute one Agreement.

18. Each of the signatories to this Agreement warrants and represents that he or she is competent and authorized to enter into this Agreement on behalf of the party for whom he or she purports to sign.
