3. Academic/Student Services
   A. El Camino College Compton Center FTES Goals and Actuals 2013-2014
      Ms. Perez stated that this report shows the Full-Time Equivalent Students (FTES), what our goals and actuals are. This is the basis for our funding. Starting about 2006/2007, there was a steady increase in our FTES until 2012/13, at which time the state was in extreme fiscal distress and there was no certainty that Prop 30 would pass at which time we cut our course offerings. In 2012-2013 we had to borrow 174 FTES from the 2013/14 fiscal year to meet our FTES goals so that we would be fully funded. That has put us in a slight deficit this year, but course offerings have been increased. We have more students in class, but not yet as many as there should be. Six new classes have been added this week. We may have to borrow 400 FTES from next year. We are working diligently on the Student Success Services and Programs.

      University Women. Patricia Bonacic has been appointed as the Interim Dean, Student Services, effective April
      16, 2014. Dr. Curry introduced FCMAT team members, Peggy Moore and Shirley Kelly.

   3. Board of Trustees Reports:
      Student Trustee Miguel Quintero reported that students are concerned about FTES borrowing, and also about
      students having to go between the Torrance and Compton campuses in order to get all of the classes they
      need. Mr. Quintero is excited about the opening of the Library-Student Success Center. There is concern about
      the lack of lighting in some areas of the campus and feels it is a waste of money to have lights coming on
      before dark.

      Trustee Andres Ramos: Stated that he is concerned about the course offerings; need more classes during the
      morning hours and fewer on Friday afternoons. Mr. Ramos reported that he attended a dinner event with
      Janice Hahn and she stated that she is interested in the Compton Center getting accredited. Mr. Ramos said he
      is excited about the opening of the SSC, and also requested more board workshops.

      Trustee Irving: Stated that she is excited about the Grand Opening of the SSC and also reported that she feels
      her interview with FCMAT was positive and productive.

      Trustee LoWanda Green: Said that she is looking forward to the Grand Opening of the Library-Student Success
      Center.

   4. Special Trustee: Mr. Henry reported that he had a good meeting with FCMAT today. He will be participating in
      a panel discussion on accreditation at the CCLC conference to be

WHEREAS, the Compton Community College District ("District") owns the college facilities known as the El Camino College Compton Community Educational Center ("Center") located at 1111 E. Artesia Boulevard in the city of Compton, in the County of Los Angeles, California;

WHEREAS, the existing HVAC systems have not been operating adequately to maintain a safe and healthy system in the classroom and offices in the Math Science, Vocational Technology, MIS, Library-Student Success Center and Child Development Center Buildings;

WHEREAS, the aforementioned deficiencies are causing poor indoor air quality and occupant safety until certain items are corrected;

WHEREAS, functional HVAC is vital to the continuance of the existing classes and offices at the various buildings;

WHEREAS, immediate action must be taken to permit the continuance of existing operations with as little disruption and ensure the safety and welfare to building occupants, Students, Staff and Faculty;

WHEREAS, Public Contract Code section 20654 provides that in an emergency, when any repairs, alterations, work or improvement is necessary to any college facility or to permit the continuance of existing college classes or to avoid danger to life or property, the Governing Board may, by unanimous vote, and approval of the Special Trustee make a contract in writing or otherwise on behalf of the District for the performance of labor and furnishing of services, materials or supplies without advertising for or inviting bids;

WHEREAS, correction to the HVAC system in various classroom and office buildings is an integral part of ensuring the continuance of existing District classes and to ensure the safety of students, faculty and staff and, therefore, it would work an incongruity and not produce any advantage to the District to competitively bid the work,
NOW, THEREFORE, BE IT RESOLVED that the Governing Board makes the following findings regarding the emergency which exists;

1. That the above recitals are true and correct.

2. That repair of the HVAC systems in various Buildings is necessary to permit the continuance of the existing classes and operations at the Compton Community College District.

   c. Accreditation Basics

Ms. Hendrickson requested a list of talking points for the committee to use when going out to community meetings. Dr. Curry will work with the committee to develop this list.

Also, Item 111.c. – Five-year Budget Assumptions will be updated at the June 2014 Advisory Committee meeting.

Dr. Curry will ask Dr. Arce to make his presentation on the twenty-one Accreditation Standards and Eligibility Requirements at a future meeting.

IX. Presentation: Investigation of the Feasibility of Local School Funding Opportunities for Facilities Projects.

Dr. Curry distributed and reviewed copies of the Feasibility of Local School Funding Opportunities for Facilities Projects, which was approved by the Special Trustee at the last board meeting. He explained that he is in the process of exploring a potential facilities bond for Compton Community College District. The first step is engaging a public opinion firm to do a public opinion survey as it relates to a potential facilities bond. We are currently working on a proposal, not to exceed $35,000, to hire a company to conduct a community survey. Our goal is to send the request for proposal this week and end the search on February 28, 2013.
Ms. Verrett expressed her pleasure at seeing the beautiful landscaping on campus, but is concerned about the unsightly city property across the street. The committee engaged in further discussion about that area.

Dr. Curry will meet with Dr. Willie O. Jones, councilman for this district, and also with Steven Neal from the city of Long Beach about this problem.

Dr. Curry further reported on the resolution for Investigation of the Feasibility of Local School Funding Opportunities for Facilities Projects, and engaged the Committee in discussion of this item, the accreditation process and community concerns.

Step 2 of the process will be for the CEO to make a recommendation to the Special Trustee on hiring a company to conduct the community survey.

There was further discussion about the loss of accreditation and community perceptions by Ms. Hollis and other members. Mr. Henry gave additional information about the accreditation process and the position of this institution and the partnership with El Camino College District.

   Dr. Curry pointed out that he revised Item III B, the length of service for the student representative to the Advisory Committee to one year. The Committee also requested that Item IV.C., be revised to state the Special Trustee’s Advisory Committee shall meet bi-monthly.

**UPDATE:**
On Tuesday, February 4, 2014, the Chief Executive Officer for the Compton Community College District withdrew the District’s Application for Exemption from the 50% Law for the 2012-2013 year. The District is required to submit a plan for spending the unexempted deficiency on salaries of classroom instructors during the 2013-2014 fiscal year by June 30, 2014.

The District has developed a plan for spending the unexempted deficiency on salaries of classroom instructors. The plan was shared with the Planning and Budget Committee at their March 25, 2014 meeting, and the Consultative Council meeting on April 7, 2014.

It is recommended the Special Trustee receives for information a copy of the Compton Community College District 50% Plan.
Mr. Michael Yarber  
Fiscal Policy Specialist  
California Community College Chancellor’s Office  
1102 Q Street  
Sacramento, CA 95814-6511  

Dear Mr. Yarber,  

During the 2012-2013 fiscal year, Compton Community College District was not in compliance with the Fifty Percent Law. The Compton District expense of education for 2012-2013 was $24,126,958. The Fifty Percent Law required expenditure amount for classroom instructor salaries was $12,063,479. The amount actually expended for classroom instructor salaries in the 2012-2013 fiscal year was $11,564,347. The Compton District was deficient in meeting the Fifty Percent Law by $499,132.

The Compton District has implemented several measures to ensure we meet the Fifty Percent obligation for fiscal year 2013-2014. First, the Compton District has reduced non-instructional expenditures for the 2013-2014 fiscal year in the amount of $350,000. This includes reductions in supplies, equipment, contracts, and consultant services. Second, Compton District has increased the number of faculty hires during the 2013-2014 fiscal year. The Compton District has hired 11 full-time faculty members this fiscal year, at a cost of $634,540.

Third, the Compton District has applied a change in accounting for the Police Services Contract in accordance with the Budget and Accounting Manual (BAM). Working with the El Camino College Police Department, we conducted an analysis on the amount of time the El Camino College Police officers are spending monitoring the Compton District parking lots. It has been determined that the El Camino College Police officers are spending 61% of their time monitoring the Compton District parking lots.

Therefore, for the 2013-2014 fiscal year, we will be changing the activity coding for a portion of the Police Services Contract, which would exclude approximately $850,000 from the Fifty Percent calculation. Finally, the Compton District is in the process of negotiating with the Compton Community College District Federation of Employees (Certificated) on a compensation increase in the amount of $265,000 for the 2013-2014 year.
With the implementation of the above measures, we anticipate the Compton District will meet the Fifty Percent obligation for the 2013-2014 fiscal year. We respectively are submitting a copy of our projected Fifty Percent calculation for 2013-2014, prior to the implementation of the Plan and after implementing the Plan.

If you have any questions or concerns, please contact me at 310-900-1600 ext. 2000.

Sincerely,

Keith Curry
CEO
