Pursuant to Personnel Commission Rule 30.100.3 and Education Code section 88091:

Upon request, the personnel commission may exempt designated senior classified administrative positions from the requirements of this section. A "senior classified administrative employee" means a classified employee who acts as the chief business, fiscal, facilities, or information technology adviser or administrator for the district chancellor or superintendent or a college president, as determined by the governing board and certified by the personnel commission.

Pursuant to Personnel Commission Rule 70.300.4 and Education Code section 88029:

The Personnel Commission may specify certain positions or classes of positions as supervisory, administrative, or executive and exclude the employees serving in those positions and the positions from the overtime provisions.

To be exempted from overtime, positions or classes of positions must clearly and reasonably be management positions. The classes of established positions listed below are clearly and reasonably management positions. The duties, flexibility of hours, salary, benefit structure, and authority of these classes are of such a nature that they should be set apart from positions subject to overtime and will not be unreasonably discriminated against as a result of this exemption.
